COMPANY OVERVIEW

L & L Solution Services LLC is a Georgia-based technical services firm specializing in electric vehicle diagnostics, industrial equipment repair, and HVAC systems for government fleet and facility operations. Led by a U.S. Air Force-trained technician with 20+ years of hands-on experience across EV buses, industrial machinery, and control systems, L & L delivers cross-disciplinary mechanical, electrical, and diagnostic expertise – eliminating the need for multiple contractors. The company also provides janitorial and custodial services for government and commercial facilities. The company holds manufacturer certifications from Gardner Denver/Ingersoll Rand and Spheros, EPA Section 609 certification, and Gorman-Rupp Pump School training.

RELEVANT COMMERCIAL EXPERIENCE

- **Atlanta Public Schools – Electric Bus Fleet Support | 2022–2025 | 3 Years**
 - Served as Lead/Master EV Technician for one of the largest Lion Electric school bus fleets in the Southeast. Performed high-voltage system diagnostics, CAN bus fault resolution, HVAC repair (Spheros units), and full fleet maintenance. Maintained daily fleet readiness with zero operational disruptions attributed to maintenance failures. Client retained for multi-year engagement across three consecutive school years.
- **Gardner Denver / Ingersoll Rand – Compressor & Blower Field Service | 7 Years**
 - Nationwide road technician supporting water and wastewater treatment facilities and industrial plants. Performed diagnostics, repair, and performance testing on critical compressor and blower systems. Delivered on-site technical training to plant personnel and reduced unplanned downtime across a multi-state client base.

CORE COMPETENCIES

- Electric Vehicle Diagnostics, Repair & Maintenance (Fleet & Buses)
- Industrial Equipment Repair
- Electrical Troubleshooting & Diagnostics
- HVAC System Repair (Transit & Facility Systems)
- Precision Laser Shaft Alignment
- Mobile Field Service & On-Site Emergency Repair
- Preventive Maintenance
- Fleet Maintenance & Reliability Support
- Electronic Diagnostics (CAN Bus, Sensors, Control Modules)

Janitorial & Facility Maintenance Services

- Commercial & Government Cleaning, Custodial Services
- Floor Care, Restroom Sanitation, Waste Removal
- Day Porter & Post-Construction Cleaning
